Overview:

Learning technologies – where do you start? What's available, what's right for your firm and what does it cost?

It was very clear from the LETG conference in November 2009 that there is a myriad of options available and that Gen Y is waiting for us all to catch up!

Stephanie Mehanna of new consultancy e-asytech will show you how to create mobile, social and e-learning using the industry's leading development tools, and provide practical guidance on how easy (or otherwise!) each is to implement and how much it all costs. There will be plenty of opportunity to ask lots of questions.

Until recently Steph was head of learning technologies at Ashurst, where she created a range of award-winning programmes, so she understands the market, what works in a law firm environment, and what can be achieved on a range of budgets.

Places for this showcase will be allocated on a first come, first served basis and are limited to three places per firm. Please note no refunds if you cancel after booking.

***Please note that any firm members wishing to attend events that are not named as either a representative or associate member will be required to pay the non-member fee unless an event is otherwise designated.**
